CRAFTING
IDENTITY THROUGH
SURFACE EXPRESSION

Introduction
Exira Surface Pure Touch Range

Exira Surfaces was founded with a clear vision: to redefine interior spaces through superior craftsmanship and innovative surface solutions. Over time, we have become a trusted name known for quality and elegance in decorative furniture laminates. Driven by integrity and a passion for design, we transform everyday surfaces into refined artistic expressions for modern architects, interior designers, and homeowners.

Our strength lies in our ultra-modern manufacturing facility, equipped with advanced machinery and cutting-edge technology. We source high-grade raw materials to ensure durability and flawless finishes, while every laminate undergoes strict quality checks to meet global standards before leaving our facility.

Innovation is central to our approach. Our evolving collection reflects international design trends, offering a wide range of textures, colors, and finishes—from natural wood grains to contemporary abstracts. Engineered for strength, precision, and longevity, our laminates deliver both style and performance for residential and commercial spaces.

As a customer-focused brand, we take pride in offering premium quality at competitive prices, building trust across domestic and international markets. At Exira Surfaces, we don't just create laminates—we help shape inspiring spaces.

PRODUCT INFORMATION AND WARRANTY

Technical Name : Decorative High Pressure Laminate
Size : 1220mm x 2440mm (8'x4')
Quality Standard : Accomplish requirements of IS: 2046 (BIS)

PROTECTING THE SURFACE

Scratch and Impact Protection: Don't place lighted ' cigarettes directly on laminate surface. Knives or other sharp utensils may slice or scratch the surface. Don't chop, slice, or placing a hot iron on pound or hammer on any laminate surface. Avoid laminate surface. Hot cookware should not be placed directly on laminate surface. Heavy blows of hammer or metal may crack the laminate surface.

ORDINARY CLEANING

In most cases, only need to use a clean, damp, non abrasive cotton cloth and a mild liquid detergent or household cleaner and rinse with clean water. Don't flood the laminate since water can be absorbed and results substrate to swell. Dry the surface with a soft, clean and non-abrasive cotton cloth.

CHEMICAL DAMAGE

Never use cleaners containing acid, alkali or sodium hypochlorite. These cleaners will mar, etch, corrode and permanently discolour the laminate surface. Also make sure that bottles, rags and other materials contaminated with these cleaners never come in contact with the laminate surface.

DIRECTION OF USE

Before using laminate please ensure that the surface of plywood and laminate are clean, dry and free of other contaminations. Please well stir adhesive before use and don't add water in it. Also ensure that applied adhesive is sufficient or not? Once laminate pasted on plywood surface don't forget to apply adequate pressure for perfect bonding. To remove air bubble from assembly use roller press from centre of assembly toward edge of assembly. A gap of minimum 2 mm should be maintained between two laminates while pasting side by side.

NOTE

Samples presented are indicative in all aspects i.e., colour, pattern, surface finish, thickness, etc. High gloss sheets are recommended for vertical application only. Other Combinations of colour, pattern and surface finish are available on special

WARRANTY

Exira warrants that their products are free from any manufacturing defects and is suitable to utilize for normal and usual purpose only. It is recommended that the product should be inspected prior to installation. If found any visual defects, the product should not be used, cut or altered in any manner. Warranty will be limited to cost of the products only and no claims will be entertained after fixing, alteration or used of the product.

LIMITED WARRANTY

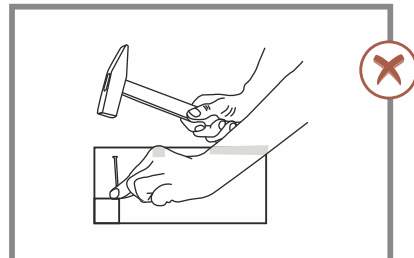

- Kindly check the sheet in all aspects immediately after purchasing & prior to cutting.
- In case of manufacturing defects, only replacement of used sheet will be made.
- No warranty for corner crack or air bubble.
- No claim will be entertained thereafter in any case of the specifics.

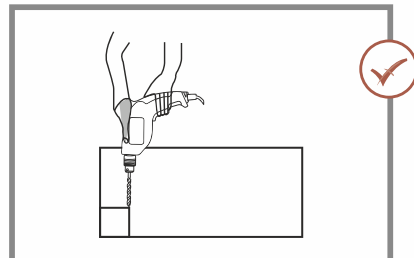

NO CLAIM WILL BE ENTERTAINED FOR AIR BUBBLES

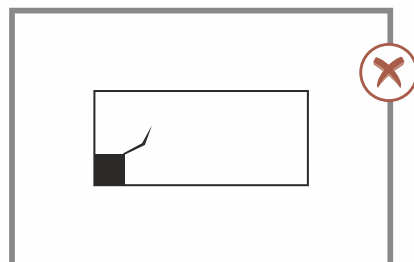

NO CLAIM WILL BE ENTERTAINED FOR CRACKING ARISING OUT OF GROOVE CUTTING OR L SHAPE

Do Not Use Nail & Hammer While Cutting Such Corner, Grew, Angle, Designs.

Use Only Drill While Cutting Such Corner, Grew Angle, Designs.

Do Not Cut Laminates Sheet At 90° It May Possible Crack While Laying Sheet.
